#hello my name is:

.....
The Children's Speech and Language Therapy (SLT) Service supports children and young people to reach their full potential with speech, language, communication and feeding & swallowing.

We work together with key people in the child/ young person's life including families, health professionals, education and social care colleagues.

Should you wish to contact us, our line is open 8:30am-4:30pm, Monday-Friday on 024 7696 1455.

What if I have a comment, suggestion or compliment about the service?

If you wish to say thank you for the care you received or highlight areas that could have been improved, IWantGreatCare is the place to do it. Your feedback is appreciated and can make a real difference.

You can review the Children's SLT Service using this QR code and service number.
